## THIRD OF MAXIMUM QUOTA

Only Seven More Business Days For  
Campaign—Liberty Loan Sun-  
day in ChurchesA gain of thirty thousand dollars  
in the Liberty Loan subscriptions  
of the county has been made in the  
last two days.This was revealed today when the  
thirteen financial institutions were  
called and reported their total bond  
sales to date.Bond sales in the county amount  
to \$329,950. This is little more than  
one-third of the county's maximum  
quota of \$944,000, but more than  
half of its minimum. However, there  
are only seven more business days  
in which to sell the bonds, so that it  
is plain that the daily sales will  
have to mount faster if the county  
is to reach its quota.The report from the banks two  
days ago showed approximately  
\$300,000. This sum was approxi-  
mated because some of the banks  
were called the day before the re-  
port was made and allowance was  
made for sales on that day.Plans were practically finished  
today for the observance of Liberty  
Loan Sunday in the churches of the  
county. Six-minute sermons sent  
out by the publicity committee in the  
Liberty Loan campaign were mailed  
today to every minister of the  
county. Ministers are privileged to  
use these sermons or draw on them  
for any material they may need.  
Copies of "The Star Spangled Ban-  
ner" have also been mailed to every  
church in the county and each con-  
gregation is expected to sing the  
song Sunday morning. This same  
plan will be followed all over the  
United States.In some quarters, there was  
plainly dissatisfaction about the  
way the Liberty Bond sale is pro-  
gressing in this county. It was  
emphasized today that men of finan-  
cial resources are not going to es-  
cape bearing their share of the war  
burden. It can be stated without  
deviating one whit from the truth  
that if the American people do not  
subscribe the full Liberty Loan asked,  
congress will take steps to get  
the required money to conduct the  
war. This will mean virtual con-  
scription of wealth, which is regard-  
ed by many people just as fair as  
the conscription of fighting men. It  
is argued that men who have the  
money to invest in Liberty Bonds  
had better do so and earn their four  
per cent interest, free of all tax-  
ation, rather than have to pay a  
larger sum in the future in the form  
of heavy war taxes.No further information has been  
received as to whether airships will  
appear over Rushville tomorrow. A  
nationwide "raid" is to be made on  
many cities in the United States to-  
morrow and one of the routes is  
from Wright field near Fairfield, O.,  
to the Speedway.One of the best advantages of in-  
vesting in a Liberty Bond, aside  
from the fact that it is the best  
bond in the world, is that the bonds  
are exempt from all state and local  
taxes except estate and inheritance  
taxes. Furthermore, the interest on  
\$5,000 principle amount of bonds  
and certificates owned by any in-  
dividual, partnership, association  
or corporation is exempt from all  
United States taxes except estate  
and inheritance taxes.A statement received by the banks  
today urges them to accommodate  
their hour of closing on the final day  
of the campaign to the desires of  
the people who may wish to sub-  
scribe. Monday the campaign enters  
on its last stretch and great things  
will have to be accomplished to  
reach the quota.

## Shame!

The chairman of the County  
Council of Defense today is-  
sued the following statement:Isn't it a shame that we have  
well-to-do people in Rush  
County who have not yet pur-  
chased a Liberty Bond? Isn't  
it more of a shame that some  
well-to-do "good citizens" of  
Rush County discourage their  
neighbors in buying Liberty  
Bonds?Isn't it a shame that we here  
at home are luke warm in our  
support of the Government in  
the purchase of Liberty Bonds,  
while our soldier boys who are  
offering their lives for the coun-  
try are purchasing these bonds  
to finance the enterprise that  
means so much to them.Have we a farmer slacker, a  
banker slacker, a laborer slacker,  
a preacher slacker, a lawyer slacker,  
a doctor slacker, a teacher slacker,  
a housewife slacker, a boy slacker, or  
a girl slacker in this grand  
county? If we have, SHAME!  
SHAME! SHAME!DEFINITELY DECIDES  
TO LIFT BAN SUNDAYHealth Board Believes If Children  
Contracted Disease, New Cases  
Would Develop

## SUNDAY SCHOOL TO BE HELD

The city health board at a meet-  
ing this morning definitely decided  
that the quarantine which has been  
in effect for more than a week on  
account of an epidemic of diphtheria  
would be lifted Sunday. It was  
practically certain yesterday that  
this step would be taken because no  
new cases outside of a family where  
the disease did not already exist  
have been reported for a week. The  
health board feels that if children  
who were exposed before school  
closed had contracted the disease,  
there would be evidence of it by this  
time.The lifting of the ban on public  
gatherings means that the city  
schools will be reopened Monday and  
that Sunday school and church ser-  
vices may be held Sunday as usual.  
Monday was the tentative date set  
for opening the schools again when  
the quarantine regulations went in-  
to effect.THIRD DEATH FROM  
DIPHTHERIA OCCURSVivian Stucker, Age 7, Dies at Home  
of Her Parents, Mr. and Mrs.  
Charles Stucker.

## ILL LITTLE OVER A WEEK

Vivian Stucker, the seven-year-old  
daughter of Mr. and Mrs. Charles  
Stucker, died from diphtheria this  
morning at six o'clock at the home  
of her parents, corner of Ninth and  
Willow streets. The little girl had  
been ill with the disease since one  
week ago Wednesday and practically  
all of that time had been in a critical  
condition. There is another case of  
the disease in the family, Lavada,  
an older sister having the disease.  
The parents and sister survive. The  
burial took place this afternoon in  
East Hill cemetery.The Stucker child's death brought  
the total fatalities during the epi-  
demic up to three.

## SAILORS REPLACE WOMEN

(By United Press)

London, Sept. 29 (By Mail)—American  
jackies are as good house-  
keepers ashore as afloat. During a  
recent entertainment at the Ameri-  
can Y. M. C. A. hut in Aldwyeh the  
charwoman struck, whereupon the  
jackies set to work, scrubbed the  
floors and cleaned up the shop after  
the show.ARRESTED AS HE  
LEAVES GRAND JURYWilliam H. Roots After Testifying  
is Put in Jail on the Charge  
of Seduction

## GRAND JURY WILL ADJOURN

Present Term of Court Will End  
Nov. 10—Close To 100 Civil  
Cases to be FinishedWilliam H. Roots, 37, had no  
more than gotten out of the grand  
jury room this morning when he was  
placed under arrest on a charge of  
seduction. The affidavit was filed  
by Prosecutor Stevens who believed  
Roots might leave if not arrested.  
The action also indicates that Roots  
will be indicted. The prosecuting  
witness is Sena McCrory, 17 years  
old. Roots testified before the  
grand jury, but before he did the  
affidavit was filed and when he had  
completed his testimony, was  
promptly taken to jail by Sheriff  
Cavitt.The grand jury expected to ad-  
journ late this afternoon until some  
time next week. One or two indict-  
ments may be returned this after-  
noon but the complete report of the  
grand jury is not expected until next  
week. Witnesses from Carthage,  
Glenwood and Milroy were before  
the grand jury today.The present term of court will end  
on November 10, according to pre-  
sent arrangements. Nearly a hun-  
dred civil cases are expected to be  
taken off the docket this term. Up  
until today sixty-seven cases had  
been disposed of and before the  
term is over the one hundred mark is  
expected to be reached. This is in  
step with the large amount of pro-  
bate work transacted, the criminal  
cases and juvenile business.A motion for a new trial was  
filed today by Curtha Wagner in the  
suit brought by him against George  
and Miles Sider of Hanceok county  
on an account demanding \$175.  
When the case was tried this term  
of court the jury found for the de-  
fendants.

## PROMOTED TO MECHANIC

Francis (Plug) Joyce, who is a  
member of the Fourteenth Field Ar-  
tillery stationed at Fort Sill, Okla-  
homa, has been appointed a  
mechanic, according to word re-  
ceived by relatives today. The pro-  
motion gives him an increase of \$6  
on the month. Joyce is a member of  
the artillery's baseball team playing  
left field. In a game last Sunday  
he says his team was beaten 4 to 0  
by the Kansas "dough boys."Postage Stamps Coming  
To Be Coin of the RealmShortage of Pennies Causes Them  
to be Used as Change Due Odd  
Cents Increases

## SOME OF THEM ARE HOARDED

Postage stamps are taking the  
place of the well known penny in  
Rushville. When a man drops into  
the cigar store and lays down a  
dime for one of the kind which used  
to be the five-cent class, he may be  
handed back a couple of two-cent  
postage stamps, which are recog-  
nized coin of the realm just now.The reason for this is the short-  
age of pennies which exists be-  
cause of the increases in odd cents  
put on many articles which formerly  
sold for a nickel and a dime. All  
efforts of bankers to get pennies  
from Indianapolis, Cincinnati and  
Chicago have been of no avail.So shoppers need not be sure  
prised if they get some postage  
stamp change when making small  
purchases.VAST SUMS SPENT  
IN PEACE ACTIVITYGermany Uses Millions in Neutral  
Countries to Carry on The  
Propaganda

## INFLUENCING THE PRESS

Bungling Exposes Hand of the Foe  
in Many Instances—Paid  
Agents Are at WorkBy WEBB MILLER  
(U. P. Staff Correspondent.)London, Oct. 19.—Germany today  
is pouring vast sums of money into  
neutral countries for propaganda  
designed to sway public opinion, ac-  
cording to authoritative information  
here. Expenses for this work will  
total more than \$60,000,000 on the  
present scale.Much of the money is spent in  
subsidizing and influencing news-  
papers. In a number of cases Ger-  
mans bought outright newspapers  
and managed them from behind the  
scenes. Large amounts have also  
been paid agents to keep peace  
agitation going.It was learned today that the  
German minister to Mexico, Von  
Eckhardt, had been supplying one  
newspaper with news print paper  
and obtaining for it, tolls free, the  
German communiqué and other  
"German-made news." In return the  
newspaper was to feature the German  
communiqué on the first page  
and to bury the allied official re-  
ports inconspicuously on inside  
pages. German-made editorials were  
also to be carried.In the year before China entered  
the war authoritative information is  
that Germany spent \$2,000,000 in  
that country through her agents,  
seeking to influence the Chinese pub-  
lic against Japan and the allies.One of the mistakes was the  
bungling translation into Chinese of  
a pamphlet designed to promote  
anti-allied feeling. The clumsy word-  
ing of the pamphlet aroused indig-  
nation of the Chinese.

FEDERATION WILL MEET

Fort Wayne, Ind., Oct. 19.—All ar-  
rangements have been completed for  
the annual meeting of the Indiana  
Federation of Women's clubs to be  
held here next week. The meeting  
will open Tuesday evening with a  
meeting at the Hotel Anthony. Al-  
though Mrs. Carolyn R. Fairbanks,  
state president, has been ill, it is ex-  
pected that she will be recovered  
sufficiently to preside as the ses-  
sions. Mrs. Edward White of Indi-  
anapolis is a candidate to succeed  
Mrs. Fairbank.The sub-treasury at Cincinnati  
was called on to help, but answered  
that it was practically out of  
pennies. It was found that Indiana-  
polis banks were short of pennies  
and the same condition existed in  
Chicago. Surrounding cities also  
are without the coppers.There are many ways to remedy  
the situation, bankers pointed out  
today. All parents whose children  
have penny banks crammed full are  
urged to deposit them at once so  
that they will be released for cir-  
culation. It is also stated that some  
dealers have been hoarding pennies  
in anticipation of just what has  
happened and have themselves helped  
to create the shortage.Small change as well is scarce  
and merchants and others who have  
a large supply of nickels, dimes,  
quarters and half dollars on hand  
are urged to put them into circulation."It's awful," said a local banker  
this morning, "when your money  
gets so big that you can't spend it."

## Sacrifice!

Washington, Oct. 19.—Patri-  
otic sacrifices by the public  
with regard to coal will be nec-  
essary this winter it was stated  
today at the fuel administra-  
tion. The public was asked not  
to grow hysterical about the  
admitted coal shortage in  
many cities. Fuel will be sup-  
plied every domestic and war  
emergency need it was stated.Meantime a hand to mouth  
policy was decided for consumers  
until suspension of Great  
Lakes navigation early in De-  
cember makes available enor-  
mous quantities of coal.When appeals to state fuel  
administrators and local dealers  
fail to produce the necessary  
coal the consumers are urged  
to wire the federal fuel  
administration here.Intimation that luxury in-  
dustries would be cut off from  
coal first and that hoarders  
would be forced to disgorge  
were again given at fuel ad-  
ministration headquarters.DESSIE HINCHMAN  
IS GIVEN DIVORCEDecree and Custody of Children  
Granted to Union Township  
Woman at Shelbyville.

## \$2,000 ALIMONY AND SUPPORT

Mrs. Dessie Hinchman was grant-  
ed a divorce from William Hinchman  
by Judge Alonzo Blair in the Shelby  
circuit court today. The Hinch-  
mans are residents of Union town-  
ship and the divorce suit was sent to  
Shelby county on a change of venue.  
The alimony and allowance was  
agreed to by the parties and entered  
in the judgment. Mrs. Hinchman  
was given the custody of the chil-  
dren, \$500 alimony and \$7.50 a week  
for the support of the children.In the complaint Mrs. Hinchman  
asked for \$2,000 alimony. After  
reaching an agreement as to the al-  
lowance and support Mrs. Hinchman  
testified. She alleged cruel and in-  
human treatment. One of the things  
she alleged in the complaint was that  
he had not taken a bath for eighteen  
months. Chauncey Duncan repre-  
sented Mrs. Hinchman, and Young  
& Young, the defendant. A number  
of witnesses from this county were  
in Shelbyville for the trial.DIRECTOR NAMES  
AN ADVISORY BOARDPlans For Taking Inventory of Coal  
In Indiana Will be Discussed  
Tomorrow

## OTHER AGENCIES WILL HELP

(By United Press.)  
Indianapolis, Ind., Oct. 19.—The  
Indiana coal situation was thor-  
oughly discussed at a meeting to-  
day of Fuel Director Woolen, Lieu-  
tenant Governor Edgar D. Bush,  
Will H. Hays, chairman of the state  
council of defense and E. I. Lewis,  
chairman of the public service com-  
mission.Following the meeting Woolen  
announced the appointment of an  
advisory committee of four men to  
aid him in his work. The committee  
consists of William H. Irwin of  
Columbus, H. P. Currie of Renesse-  
laer, president of the Monon rail-  
road, E. M. Wilson of Anderson,  
farmer, and Charles Fox of Terre  
Haute, president of the state fed-  
eration of labor.Plans for taking an inventory of  
the coal in Indiana will be discussed  
at a meeting of the advisory com-  
mittee tomorrow. The inventory if  
decided upon will begin immediately.The coal administration's head-  
quarters will probably be located in  
the local circuit court on a change  
of venue.EFFECT OF STRIKE  
IS FELT BY CITYOfficials Notified no More Coal Will  
be Shipped if Miners All Walk  
Out

ASSURED OF 6 WEEKS SUPPLY

Little Use of Municipal Coal Bin if  
Coal Can't be Provided—  
State Fuel DirectorWith a general strike of coal  
miners threatened, the situation as  
regards Rushville is rather gloomy  
and the consumers can do nothing  
but hope for the best. With the ac-  
ceptance of Evans Woollen as fuel  
administrator for the state and the  
federal government endeavoring to  
get the striking miners back to work  
the situation should clear in a few  
days, local dealers believe.That the mine operators expect a  
general strike is shown in a com-  
munication received today by A. T.  
Mahin, superintendent of the water  
and light plant from the mine operators  
supplying the city plant with fuel.  
The communication urged the city  
to be prepared for the worst and  
stated that naturally there could  
be no shipments of coal if the miners  
all walked out.The city some time ago contemplated  
some action on the part of the miners  
and ordered an extra ten  
cars of coal. Three of the ten have  
been received and word was received  
today that three more are on the  
way. When this coal arrives the city  
will have sufficient coal to last six  
weeks, and by that time the situation  
may be improved.Mr. Mahin endeavored to get  
some Kentucky coal for the city  
employees, but it was impossible to  
obtain any. This is the situation  
in regards to the coal dealers of  
the city. They order the coal and  
perhaps they get it and perhaps  
they don't. In many instances the  
coal has been shipped and before it  
reaches the city is confiscated by  
some railroad and the dealer has no  
course.The idea of the city establishing a  
municipal coal bin has

## GRADES FOR MEN SELECTED LIKELY

Comprehensive Plans to Provide  
Real Selection Being Worked  
Out For Next Draft

### MEN WITH NO DEPENDENTS GO

Also Proposed That Claims of Those  
Needed in War Industries be  
Considered Careful

Although the local army selection board has no official word, Washington newspaper advices are that a comprehensive plan for applying the conscription law which would take first only men without dependents and of no particular value to war industries, and establish various grades of dependency and industrial value from which future drafts would be made strictly on the selective basis, has been worked out tentatively by the provost marshal-general's office and discussed with the President.

The plan was submitted recently to a conference of civilians who investigated exemption board activities in a number of states and received the endorsement of most of them, who are discussing the proposed plan with the Governors.

It is proposed to formulate in each local draft district a table of all registrants, placing each in a column or classifications would be industrial value in the war's prosecution. For instance, horizontal columns or classifications would be based on dependency. Men with no dependents would be placed in the first class, those with dependent relatives in the second class, those with wives in the third class, those with a wife and one child in the fourth, and so on.

Similarly, the vertical columns might represent certain industries arranged according to their respective merit as war necessities. Industrial classes under consideration in this connection are farmers, shipyard employees, munition workers, railway and transportation employees, miners, steel plant and motor industry, workmen and certain other individual plants or industry branches to be designated from time to time by the President or the war department as temporarily essential. The latter classification might include plants making military clothing, harness, first aid materials, or professions such as chemists and other scientific men more needed for war research than to carry arms.

Thus the table with horizontal dependency of classifications and vertical industrial classifications would hold a place for each registrant in accordance with his dependency or industrial value claims. In selecting men for examination boards would first take all men physically fit, having neither dependents nor value in essential war industries. When this class was exhausted draft authorities would draw on the classes having the slightest dependency claims and the least value in essential industries. Theoretically the draft would work down through the table, to the classes with most dependents and highest industrial value.

No class would be exempted as such, but the valuable men would be placed so that they would not be called until the need for soldiers became more urgent and all the less essential classes were exhausted.

The plan involves a determination by the government of what industries are the most valuable, and this is giving officials considerable difficulty. Farmers' organizations, shipping board officials, and shipbuilders, munition makers, railroad heads, coal operators and many others are insisting on the prime importance of their own employees in civil work.

It is understood that the entire program will be made known as soon as it is completed and approved by President Wilson to allay the anxiety prevailing throughout many industries over the next draft which had been planned for as early as December before the new system was proposed but which now may be delayed.

## CRISIS IS DUE TO POLITICAL SQUABBLE

Socialist Activity in Germany is Due to Radicals Being Stung to Energetic Action.

## NO "PEACE GOVERNMENT"

By ARTHUR E. MANN  
(U. P. Staff Correspondent.)

London, Oct. 19—Germany's present political crisis is due to a political squabble and has no significance in best informed quarters today.

Socialist activity in Germany, it was declared was due to the fact that radicals have been stung into energetic measures by attacks on them by conservatives and the pan-Germans have been fighting hard for control, after having tried Michaelis as chancellor and found him wanting.

Observers today pointed out that repeated mention of Prince Von Buelow and Foreign Secretary Kuehlmann as successors to Michaelis as chancellor might be regarded as convincing proof that the kaiser does not intend to form a "peace government."

## AUTO AGENTS BUY A SITE

After Making Repairs, Clark and Caldwell Will Move to New Home

Clark and Caldwell, automobile agents, have purchased a business site in East First street and will move there after repairs and some additions have been made. The purchase included a frontage of 33 feet running back 165 feet. This includes the room occupied by the Ellerman motorcycle shop and the ground on the west to the Offutt building. They also bought the wareroom back of the Tyner room adjoining on the east. The wareroom is about 20 by 85 feet and is one story high. The total consideration was \$4,500.

## 100 Years Old

The kidneys play a most important part in causing premature old age and death—the more injurious the poisons passing thru the kidneys the sooner comes decay”—so says a distinguished physician, who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—drink plenty of water—sweat some daily and take Anuric before meals.

This Anuric (double strength) is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, “rusty” joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid as hot water does sugar. Discovered by Dr. Pierce of Buffalo, N. Y.

Prevent old age by simply sipping a cup of hot water every morning before breakfast, taking a little Anuric before meals and live to be a hundred.

## BEAUTY FROM PURER BLOOD.

Fort Wayne, Ind.—“When I was a girl I became all run-down, weak and nervous and my stomach was in very bad shape—a gastric condition. My blood was very bad, and I broke out in sores. This was in the spring of the year. I tried medicines with no results at all. A friend told me of Dr. Pierce’s Golden Medical Discovery being so good. I began its use at once and it soon cured me of my stomach trouble, cleared up my blood and left me in a strong, healthy condition. I have also used Dr. Pierce’s All-Healing Salve and found it excellent for healing open sores of every sort. I am glad to recommend Dr. Pierce’s medicines.”—Mrs. A. T. COGGESHALL, 1531 Calhoun St.

## Value of Defense Bodies

Emphasizing the importance of the defense organizations, indorsing their work and appealing to the people for a greater support, Secretary of War Newton D. Baker addressed the following letter to the Indiana State Council of Defense:

Will H. Hays, Chairman,

State Council of Defense,

Indianapolis, Ind.,

My dear Mr. Hays:—

The Council of National Defense and State Councils with their local safety organizations represent with the Governors of the several states and the organizations administering the draft law the normal lines of communication and co-operation between the National Administration and the people. In this time of emergency no one conversant with the conditions and the difficulties here can be other than wholeheartedly appreciative of the continuing counsel and ungrudging efforts that have come to the common cause through all of these agencies and no one word of mine which can sustain or which can help to sustain or strengthen the national, state and local institutions of the councils of defense will remain unspoken. The work of the Indiana Council has been particularly gratifying. More power to you,

With best wishes,

Cordially yours,

NEWTON D. BAKER.

Secretary of War and Chairman Council of National Defense.

In this connection the State Council authorized the following:

The Indiana State Council is giving the letter to the public in the hope that it will serve to stimulate interest in the work the council has undertaken and arouse a more popular interest in the measures which the president, the council of national defense, the war department and the state government deem essential to winning the war.

## Save Skim Milk

Save every drop of skim milk. It is a valuable food. Use it in your kitchen and on your table. This is the admonition of the department of agriculture.

It is valuable as a beverage, in cookery, as cottage cheese—too valuable to waste, whether it comes through your own separator or the separator at the creamery—too valuable to be thrown away, or fed to farm animals, if it can be used for human food.

At creameries where whole milk is handled, skim milk is often thrown down the drains. Creameries ought to make their skim milk into cottage cheese.

Farmers ought to make cottage cheese at home. Skim milk so used will supplement our meat supply, for cottage cheese is one of the

New York, Oct. 19.—A captured German submarine has arrived in New York. It will be placed on exhibit in Central Park where New York can safely view one of the Kaiser's underwater terrors from terra firma.

The U-boat is U-C-5. It is a submarine mine layer and was captured by the British in the North Sea. It was brought here on the deck of a liner. The war trophy was to be carted through the streets of New York to the park this afternoon. It is being transferred in three sections the weight being 114 tons. In Central Park the submarine will be used as a rallying place for the Liberty Bond workers and Mayor Mitchell will make a speech from the conning tower.

## Not Due To Sex Alone

Rushville Women Have Learned The Cause of Many Mysterious Pains and Aches

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well-recommended by Rushville people. Read this case:

Mrs. W. A. Wylie, 824 N. Arthur St., Rushville, says: “I have had kidney trouble and I certainly appreciate what a serious complaint it is and how severely one can suffer from it. My trouble began with a dull, dragging pain across my kidneys and over my hips. I was unable to do my housework for a week and was in misery. Others of my family had taken Doan's Kidney Pills with excellent results, so I got some from Pitman & Wilson's Drug Store. I started using Doan's and the pain in my back soon disappeared.”

We bought them last April before the advance in price. They are nice, comfortable, good looking, easy riding, sliding doors, nice curtains, 24 inch lazy back and a lot more good things that you have to see to appreciate.

We want you to see them and if you need a Storm Buggy why not buy the Best, when you buy it for less money than you can some other make.

We were fortunate this year in securing the ZIMMERMAN line of STORM BUGGIES, the one line that no one can truthfully say is not the best on the market and by early buying, we were able to get them at a price that makes it possible to sell them to you at a little below the price of other makes, that are not so good.

There are lots of people in Rush County, who have owned ZIMMERMAN BUGGIES. Ask them how they wear? They will tell you they are the best buggy they ever owned. Let us show you these buggies before you buy. If you don't when you see your neighbor's you will wish you had.

State Fire Marshal Points Out Sixty  
Per Cent of Fires Are Preventable

### FLUES ARE BUILT BADLY

Shows That Losses in This Country  
Are Eight Times Greater Than  
England

(By United Press.)

South Bend, Ind., Oct. 19.—Sixty per cent of the fires in this country are from preventable causes, either faulty construction of the buildings or carelessness of the occupants. W. H. Friedley, State fire marshal, told the Indiana Real Estate dealers in session here.

The speaker pointed out that the fire waste in the United States was eight times as much per capita as the combined fire waste of England, France, Germany and the other European countries. He declared that they should all be constructed with a view of permanency and stringently regulated by ordinances.

"More than fifteen per cent of the fires in Indiana are from defective flues," he said. "Flues can be built so that it would be impossible for fires to start through them, no matter how much or how long they had been used.

Real estate men in plotting of new additions to cities, should see that the new streets conform with those already established, Friedley said, so that there will be no sharp turns—an obstruction to fire departments.

The fire marshal strongly condemned shingle roofs, especially those made from the inferior grade of shingles which are now commonly used.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:—

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00 Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## CIGARS, "CHEWING" GO UP

Once More the Fellow Who Uses the "Weed" Gets it in Neck

Once more the fellow with the habit of using the "weed" gets it in the neck. Recently the price of cigarettes and smoking tobacco went up on account of new war tax and now its the cigars and chewing tobacco. It was announced that all dealers except one had agreed to this advance, which will become effective tomorrow. Five-cent cigars will retail at six cents and ten-cent cigars at twelve cents. Five scrap and plug tobacco will be six cents and ten-cent packages and plugs twelve cents. Boxes of cigars will be sold at five cents straight or ten cents straight. Similar advances have taken place in surrounding cities, dealers say.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

There will be a basket supper and pie social at Henderson school next Wednesday evening.

## Are you contemplating the purchase of a Phonograph?

IF YOU ARE, you are doing yourself an injustice by failing to investigate the New Aeolian Vocalion, the phonograph of richer tone, that you can actually play.

You may sit beside this instrument, and by the use of the Graduola, which is obtainable only with the Aeolian Vocalion, you may play your favorite record as you would, were you the artist yourself, putting expression into your record that is utterly impossible with any other instrument.

You may have a favorite artist whose records, you would much desire to play, (but) he or she is singing or playing exclusively for some record which you cannot play on your instrument. Not so with the Aeolian Vocalion, you may play any standard make of record, as well, as the instrument for which the record is made, and some records are far superior when played on the Aeolian Vocalion.

Style G

\$100.00

Of course, you must be the judge, and the only way to judge an instrument successfully, is to play it yourself, in your own home, there only can you get the full tonal effect of any musical instrument.

May we, without obligation on your part, place one of our instruments in your home for a few days, that you may put it to all known tests, play it side by side with any other phonograph in America, at any price, if you please, and after having these tests, give us your verdict.

We are confident as to what your true verdict will be: "THE MOST WONDERFUL PHONOGRAPH THAT I EVER HEARD. And it doesn't scratch."

## Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you.

## Odd Fellows Will Celebrate Burning of Mortgage on Their Hall Built Few Years Ago

### GRAND MASTER TO BE THERE

The third degree staff and orchestra of Franklin Lodge No. 35 L. O. O. F. will leave for Adams, Decatur county, Saturday evening at 6 o'clock in automobiles, where they will put on the third degree at a demonstration in celebrating the burning of the mortgage on their hall built a few years ago.

Many notables in the state organization will be present, including Grand Master A. A. Spears and Grand Patriarch Chas. H. Allison.

The staff and orchestra as reorganized consists of sixteen men in the staff and a nine piece orchestra, as follows: Geo. C. Wyatt, piano; Jesse Carpenter and Harry Lucas, cornets; Chas. Rucker, trombone; E. C. McMahon, Alto Downey and Russell Ormes, violins; E. E. Perin, cello and Roy Mitchell, drums.

It is expected that many members here will accompany the staff and avail themselves of the opportunity of hearing the grand master and witnessing the work.

Next week rehearsal will begin on the initiatory degree, preparatory to beginning work at home for the fall and winter season.

## EVACUATION IS BEGUN BY RUSSIANS

### Withdrawal of Forces From Naval Depot Made Necessary by German Fleet Operations

### GREATER CAMPAIGN LIKELY

Petrograd, Oct. 19.—Evacuation by the Russians of the naval base of Revel was begun Tuesday it was reported today.

The withdrawal of the Russian forces from the naval depot has been made necessary by operation of Germany's great naval fleet now operating off the Gulf of Riga and threatening a further naval campaign against the Gulf of Finland.

Evacuation of Revel if confirmed would appear to indicate even greater menace to Russia by the German Baltic fleet than at first indicated. Revel has been the first of the naval bases which a hostile fleet on penetrating the gulf would encounter. It is only 200 miles from Petrograd. Before the war it was classed as a naval station of the second class but under the czar's regime it was strengthened and refortified.

Several sisters and brothers survive. The funeral services will be conducted Sunday afternoon at the Dunwoody residence by the Rev. D. Ira Lambert and burial will take place in East Hill cemetery.

### ARE ROBBING FOOD SHIPS

### Giant U-Boats Store Cargoes And Sink Unfortunate Victims.

Washington, Oct. 19.—Geman's giant pirate U-boats are now robbing food ships, stowing the supplies in the holds and then sinking the unfortunate victims. This is the newest developments of ruthlessness, according to reports today.

The new U-boats are sufficiently large to permit stowing of a large part of a cargo. Because of this capacity the war trade board has been loath to ship out cargoes for European neutral ports.

BOND SALES SHOW  
A GAIN OF \$30,000Total Subscriptions to Date in Rush  
County Amount to \$329,950,  
it is Reported

## THIRD OF MAXIMUM QUOTA

Only Seven More Business Days For  
Campaign—Liberty Loan Sun-  
day in Churches

A gain of thirty thousand dollars in the Liberty Loan subscriptions of the county has been made in the last two days.

This was revealed today when the thirteen financial institutions were called and reported their total bond sales to date.

Bond sales in the county amount to \$329,950. This is little more than one-third of the county's maximum quota of \$944,000, but more than half of its minimum. However, there are only seven more business days in which to sell the bonds, so that it is plain that the daily sales will have to mount faster if the county is to reach its quota.

The report from the banks two days ago showed approximately \$300,000. This sum was approximated because some of the banks were called the day before the report was made and allowance was made for sales on that day.

Plans were practically finished today for the observance of Liberty Loan Sunday in the churches of the county. Six-minute sermons sent out by the publicity committee in the Liberty Loan campaign were mailed today to every minister of the county. Ministers are privileged to use these sermons or draw on them for any material they may need. Copies of "The Star Spangled Banner" have also been mailed to every church in the county and each congregation is expected to sing the song Sunday morning. This same plan will be followed all over the United States.

In some quarters, there was plainly dissatisfaction about the way the Liberty Bond sale is progressing in this county. It was emphasized today that men of financial resources are not going to escape bearing their share of the war burden. It can be stated without deviating one whit from the truth that if the American people do not subscribe the full Liberty Loan asked, congress will take steps to get the required money to conduct the war. This will mean virtual conscription of wealth, which is regarded by many people just as fair as the conscription of fighting men. It is argued that men who have the money to invest in Liberty Bonds had better do so and earn their four per cent interest, free of all taxation, rather than have to pay a larger sum in the future in the form of heavy war taxes.

No further information has been received as to whether airships will appear over Rushville tomorrow. A nationwide "raid" is to be made on many cities in the United States tomorrow and one of the routes is from Wright field near Fairfield, O., to the Speedway.

One of the best advantages of investing in a Liberty Bond, aside from the fact that it is the best bond in the world, is that the bonds are exempt from all state and local taxes except estate and inheritance taxes. Furthermore, the interest on \$5,000 principle amount of bonds and certificates owned by any individual, partnership, association or corporation is exempt from all United States taxes except estate and inheritance taxes.

A statement received by the banks today urges them to accommodate their hour of closing on the final day of the campaign to the desires of the people who may wish to subscribe. Monday the campaign enters on its last stretch and great things will have to be accomplished to reach the quota.

## Shame!

The chairman of the County Council of Defense today issued the following statement:

Isn't it a shame that we have well-to-do people in Rush County who have not yet purchased a Liberty Bond? Isn't it more of a shame that some well-to-do "good citizens" of Rush County discourage their neighbors in buying Liberty Bonds?

Isn't it a shame that we here at home are like warm in our support of the Government in the purchase of Liberty Bonds, while our soldier boys who are offering their lives for the country are purchasing these bonds to finance the enterprise that means so much to them.

Have we a farmer slacker, a banker slacker, a laborer slacker, a preacher slacker, a lawyer slacker, a doctor slacker, a teacher slacker, a housewife slacker, a boy slacker, or a girl slacker in this grand county? If we have, SHAME! SHAME! SHAME!

DEFINITELY DECIDES  
TO LIFT BAN SUNDAYHealth Board Believes If Children  
Contracted Disease, New Cases  
Would Develop

## SUNDAY SCHOOL TO BE HELD

The city health board at a meeting this morning definitely decided that the quarantine which has been in effect for more than a week on account of an epidemic of diphtheria would be lifted Sunday. It was practically certain yesterday that this step would be taken because no new cases outside of a family where the disease did not already exist have been reported for a week. The health board feels that if children who were exposed before school closed had contracted the disease, there would be evidence of it by this time.

The lifting of the ban on public gatherings means that the city schools will be reopened Monday and that Sunday school and church services may be held Sunday as usual. Monday was the tentative date set for opening the schools again when the quarantine regulations went into effect.

THIRD DEATH FROM  
DIPHTHERIA OCCURSVivian Stucker, Age 7, Dies at Home  
of Her Parents, Mr. and Mrs.  
Charles Stucker.

## ILL LITTLE OVER A WEEK

Vivian Stucker, the seven-year-old daughter of Mr. and Mrs. Charles Stucker, died from diphtheria this morning at six o'clock at the home of her parents, corner of Ninth and Willow streets. The little girl had been ill with the disease since one week ago Wednesday and practically all of that time had been in a critical condition. There is another case of the disease in the family, Lavada, an older sister having the disease. The parents and sister survive. The burial took place this afternoon in East Hill cemetery.

The Stucker child's death brought the total fatalities during the epidemic up to three.

## GRAND JURY WILL ADJOURN

Present Term of Court Will End  
Nov. 10—Close To 100 Civil  
Cases to be Finished

William H. Roots, 37, had no more than gotten out of the grand jury room this morning when he was placed under arrest on a charge of seduction. The affidavit was filed by Prosecutor Stevens who believed Roots might leave if not arrested. The action also indicates that Roots will be indicted. The prosecuting witness is Sena McCrory; 17 years old. Roots testified before the grand jury, but before he did the affidavit was filed and when he had completed his testimony, was promptly taken to jail by Sheriff Cavit.

The grand jury expected to adjourn late this afternoon until some time next week. One or two indictments may be returned this afternoon but the complete report of the grand jury is not expected until next week. Witnesses from Carthage, Glenwood and Milroy were before the grand jury today.

The present term of court will end on November 10, according to present arrangements. Nearly a hundred civil cases are expected to be taken off the docket this term. Up until today sixty-seven cases had been disposed of, and before the term is over the one-hundred mark is expected to be reached. This is in addition to the large amount of probate work transacted, the criminal cases and juvenile business.

A motion for a new trial was filed today by Curtha Wagner in the suit brought by him against George and Miles Sider of Hancock county on an account demanding \$175. When the case was tried this term of court the jury found for the defendants.

## PROMOTED TO MECHANIC

Francis (Plug) Joyce, who is a member of the Fourteenth Field Artillery stationed at Fort Sill, Okla. home, has been appointed a mechanic, according to word received by relatives today. The promotion gives him an increase of \$6 on the month. Joyce is a member of the artillery's baseball team playing left field. In a game last Sunday he says his team was beaten 4 to 0 by the Kansas "dough boys."

Shortage of Pennies Causes Them  
to be Used as Change Due Odd  
Cents Increases

## SOME OF THEM ARE HOARDED

Postage stamps are taking the place of the well known penny in Rushville. When a man drops into the cigar store and lays down a dime for one of the kind which used to be the five-cent class, he may be handed back a couple of two-cent postage stamps, which are recognized coin of the realm just now.

The reason for this is the shortage of pennies which exists because of the increases in odd cents put on many articles which formerly sold for a nickel and a dime. All efforts of bankers to get pennies from Indianapolis, Cincinnati and Chicago have been of no avail.

So shoppers need not be surprised if they get some postage stamp change when making small purchases.

VAST SUMS SPENT  
IN PEACE ACTIVITYGermany Uses Millions in Neutral  
Countries to Carry on The  
Propaganda

## INFLUENCING THE PRESS

Bungling Exposes Hand of the Foe  
in Many Instances—Paid  
Agents Are at WorkBy WEBB MILLER  
(U. P. Staff Correspondent)

London, Oct. 19.—Germany today is pouring vast sums of money into neutral countries for propaganda designed to sway public opinion, according to authoritative information here. Expenses for this work will total more than \$60,000,000 on the present scale.

Much of the money is spent in subsidizing and influencing newspapers. In a number of cases Germans bought outright newspapers and managed them from behind the scenes. Large amounts have also been paid agents to keep peace agitation going.

It was learned today that the German minister to Mexico, Von Eckhardt, had been supplying one newspaper with news print paper and obtaining for it, tolls free, the German communiqué and other German-made news. In return the newspaper was to feature the German communiqué on the first page and to bury the allied official reports inconspicuously on inside pages. German-made editorials were also to be carried.

In the year before China entered the war authoritative information is that Germany spent \$2,000,000 in that country through her agents, seeking to influence the Chinese public against Japan and the allies.

One of the mistakes was the bungling translation into Chinese of a pamphlet designed to promote anti-allied feeling. The clumsy wording of the pamphlet aroused indignation of the Chinese.

## FEDERATION WILL MEET

Fort Wayne, Ind., Oct. 19.—All arrangements have been completed for the annual meeting of the Indiana Federation of Women's clubs to be held here next week. The meeting will open Tuesday evening with a meeting at the Hotel Anthony. Although Mrs. Carolyn R. Fairbanks, state president, has been ill, it is expected that she will be recovered sufficiently to preside as the sessions. Mrs. Edward White of Indianapolis is a candidate to succeed Mrs. Fairbanks.

## Sacrifice!

Washington, Oct. 19.—Patriotic sacrifices by the public with regard to coal will be necessary this winter it was stated today at the fuel administration. The public was asked not to grow hysterical about the admittedly coal shortage in many cities. Fuel will be supplied every domestic and war emergency need it was stated.

Meantime a hand to mouth policy was decided for consumers until suspension of Great Lakes navigation early in December makes available enormous quantities of coal.

When appeals to state fuel administrators and local dealers fail to produce the necessary coal the consumers are urged to wire the federal fuel administration here.

Intimation that luxury industries would be cut off from coal first and that hoarders would be forced to disgorge were again given at fuel administration headquarters.

With a general strike of coal miners threatened, the situation as regards Rushville is rather gloomy and the consumers can do nothing but hope for the best. With the acceptance of Evans Woollen as fuel administrator for the state and the federal government endeavoring to get the striking miners back to work the situation should clear in a few days, local dealers believe.

That the mine operators expect a general strike is shown in a communication received today by A. T. Mahin, superintendent of the water and light plant from the mine operators supplying the city plant with fuel. The communication urged the city to be prepared for the worst and stated that naturally there could be no shipments of coal if the miners all walked out.

The city some time ago contemplated some action on the part of the miners and ordered an extra ten cars of coal. Three of the ten have been received and word was received today that three more are on the way. When this coal arrives the city will have sufficient coal to last six weeks, and by that time the situation may be improved.

Mr. Mahin endeavored to get some Kentucky coal for the city employees, but it was impossible to obtain any. This is the situation in regards to the coal dealers of the city. They order the coal and perhaps they get it and perhaps they don't. In many instances the coal has been shipped and before it reaches the city is confiscated by some railroad and the dealer has no recourse.

The idea of the city establishing a municipal coal bin has been considered, but the bin would be useless without any coal. When the time comes when a supply of coal can be obtained, then the city may take the proper steps to protect the small consumers. The city tried the municipal bin idea last winter and while it worked satisfactorily, about all the city got out of it for its trouble was a lot of kicks by those who thought the coal not up to the standard.

While the situation is bad, it will be worse if the strike of miners becomes general. With the appointment of a fuel director for the state something definite is expected soon if his position is to be anything but a mere title.

The Arbutte foundry at Homer was threatened with a serious loss today. The foundry's coal supply was not expected to last throughout the day and kiln of brick in now being made. Should no more coal arrive in time to keep the fire going, the kiln would be a loss.

## SCOUTS GET MEDALS

Medals have arrived for the eleven Boy Scouts who sold the required number of bonds of the first Liberty Loan issue to entitle them to one. Richard and William Pugh who now live in Kansas City and Havens are in Kansas City and Havens. Frazer are boys in the Christian church to get medals. William Sparks and Richard Noyer are medal winners from the M. E. church. Medals won by First Presbyterian Scouts will be awarded Sunday night. These boys are: Ruell Bennett, Wallace Beer, George Morgan, Glen Sommerville, Robert Gantner and Louis Smith.

## \$2,000 ALIMONY AND SUPPORT

Mrs. Dessie Hinchman was granted a divorce from William Hinchman by Judge Alonzo Blair in the Shelby circuit court today. The Hinchmans are residents of Union township and the divorce suit was sent to Shelby county on a change of venue. The alimony and allowance was agreed to by the parties and entered in the judgment. Mrs. Hinchman was given the custody of the children, \$500 alimony and \$7.50 a week for the support of the children.

In the complaint Mrs. Hinchman asked for \$2,000 alimony. After reaching an agreement as to the allowance and support Mrs. Hinchman testified. She alleged cruel and inhuman treatment. One of the things she alleged in the complaint was that he had not taken a bath for eighteen months. Chauncey Duncan represented Mrs. Hinchman, and Young &amp; Young, the defendant. A number of witnesses from this county were in Shelbyville for the trial.

## OTHER AGENCIES WILL HELP

(By United Press)  
Indianapolis, Ind., Oct. 19.—The Indiana coal situation was thoroughly discussed at a meeting today of Fuel Director Woollen, Lieutenant Governor Edgar D. Bush, Will H. Hays, chairman of the state council of defense and E. L. Lewis, chairman of the public service commission.

Following the meeting Woollen announced the appointment of an advisory committee of four men to aid him in his work. The committee consists of William H. Irwin of Columbus, H. P. Currie of Indianapolis, president of the Monon railroad, E. M. Wilson of Anderson, farmer, and Charles Fox of Terre Haute, president of the state federation of labor.

Plans for taking an inventory of the coal in Indiana will be discussed at a meeting of the advisory committee tomorrow. The inventory if decided upon will begin immediately.

The coal administration's headquarters will probably be located in the local circuit court on a change of venue.

## GRADES FOR MEN SELECTED LIKELY

Comprehensive Plans to Provide  
Real Selection Being Worked  
Out For Next Draft

MEN WITH NO DEPENDENTS GO

Also Proposed That Claims of Those  
Needed in War Industries be  
Considered Careful

Although the local army selection board has no official word, Washington newspaper advices are that a comprehensive plan for applying the conscription law which would take first only men without dependents and of no particular value to war industries, and establish various grades of dependency and industrial value from which future drafts would be made strictly on the selective basis, has been worked out tentatively by the provost marshal-general's office and discussed with the President.

The plan was submitted recently to a conference of civilians who investigated exemption board activities in a number of states and received the endorsement of most of them, who are discussing the proposed plan with the Governors.

It is proposed to formulate in each local draft district a table of all registrants, placing each in a column or classifications would be industrial value in the war's prosecution. For instance, horizontal columns or classifications would be based on dependency. Men with no dependents would be placed in the first class, those with dependent relatives in the second class, those with wives in the third class, those with a wife and one child in the fourth, and so on.

Similarly, the vertical columns might represent certain industries arranged according to their respective merit as war necessities. Industrial classes under consideration in this connection are farmers, shipyard employees, munition workers, railway and transportation employees, miners, steel plant and motor industry, workmen and certain other individual plants or industry branches to be designated from time to time by the President or the war department as temporarily essential. The latter classification might include plants making military clothing, harness, first aid materials, or professions such as chemists and other scientific men more needed for war research than to carry arms.

Thus the table with horizontal dependency of classifications and vertical industrial classifications would hold a place for each registrant in accordance with his dependency or industrial value claims. In selecting men for examination boards would first take all men physically fit, having neither dependents nor value in essential war industries. When this class was exhausted draft authorities would draw on the classes having the slight dependency claims and the least value in essential industries. Theoretically the draft would work down through the table, to the classes with most dependents and highest industrial value.

No class would be exempted as such, but the valuable men would be placed so that they would not be called until the need for soldiers became more urgent and all the less essential classes were exhausted.

The plan involves a determination by the government of what industries are the most valuable, and this is giving officials considerable difficulty. Farmers' organizations, shipping board officials, and shipbuilders, munition makers, railroad heads, coal operators and many others are insisting on the prime importance of their own employees in civil work.

It is understood that the entire program will be made known as soon as it is completed and approved by President Wilson to allay the anxiety prevailing throughout many industries over the next draft which had been planned for as early as December before the new system was proposed but which now may be delayed.

## SIGNAL LIGHTS TO BE DEMONSTRATED

Local Committee Called to Indianapolis For Test to Select Lights For Aviators

### WILL BE HELD AT SPEEDWAY

A demonstration will be held at 7:30 o'clock tomorrow evening at the Speedway near Indianapolis of the signal lights which may be used along the routes to be traveled by student aviators in trial flights from Wright field near Fairfield, Ohio, to the Speedway. Carl G. Fisher has notified the local committee which is trying to get one of the routes by way of Rushville that they should be present. It is practically assured that one of the routes will come this way if the lights are located as requested. A style of light will probably be selected tomorrow night. The local committee will meet at the English hotel in Indianapolis and be taken to the Speedway by Mr. Fisher in a machine.

The committee has assurances from both ends of the line that a route over Liberty, Connersville, Rushville and Morristown was favored. The route along the National Road will not be abandoned, however. It is stated that it would not be necessary to keep the lights burning every night, but that the committee would be informed when any machines were coming this way.

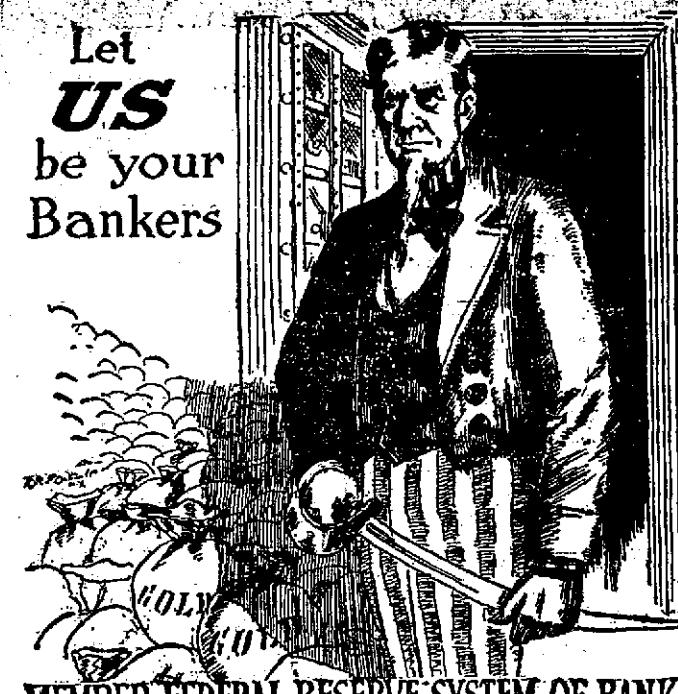

### INTRIGUES FAILING

Washington, Oct. 19.—Pro-German intrigues against the second Liberty Loan are failing. Efforts in scattered localities to intimidate bankers and bond buyers are having boomerang effects. ### CRISIS IS DUE TO POLITICAL SQUABBLE

Socialist Activity in Germany is Due to Radicals Being Stung to Energetic Action.

#### NO "PEACE GOVERNMENT"

By ARTHUR E. MANN  
(U. P. Staff Correspondent)

London, Oct. 19—Germany's present political crisis is due to a political squabble and has no significance in best informed quarters today.

Socialist activity in Germany, it was declared was due to the fact that radicals have been stung into energetic measures by attacks on them by conservatives and the pan-Germans have been fighting hard for control, after having tried Michaelis as chancellor and found him wanting.

Observers today pointed out that repeated mention of Prince Von Buelow and Foreign Secretary Kuehlmann as successors to Michaelis as chancellor might be regarded as convincing proof that the kaiser does not intend to form a "peace government."

### AUTO AGENTS BUY A SITE

After Making Repairs, Clark and Caldwell Will Move to New Home

Clark and Caldwell, automobile agents, have purchased a business site in East First street and will move there after repairs and some additions have been made. The purchase included a frontage of 35 feet running back 165 feet. This includes the room occupied by the Ellerman motorcycle shop and the ground on the west to the Offatt building. They also bought the wareroom back of the Tyner room adjoining on the east. The wareroom is about 20 by 85 feet and is one story high. The total consideration was \$1,500.

## 100 Years Old

"The kidneys play a most important part in causing premature old age and death—the more injurious the poisons passing thru the kidneys the sooner comes death"—so says a distinguished physician, who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid, drink plenty of water—sweat some daily and take Anuric before meals.

This Anuric (double strength) is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid as hot water does sugar. Discovered by Dr. Pierce of Buffalo, N. Y.

Prevent old age by simply sipping a cup of hot water every morning before breakfast, taking a little Anuric before meals and live to be a hundred.

## BEAUTY FROM PURER BLOOD.

Fort Wayne, Ind.—"When I was a girl I became all run-down, weak and nervous and my stomach was in very bad shape—a gastric condition. My blood was very bad, and I broke out in sores. This was in the spring of the year. I tried medicine with no results at all. A friend told me of Dr. Pierce's Golden Medical Discovery being so good, I began its use at once and it soon cured me of my stomach trouble, cleared up my blood and left me in a strong, healthy condition. I have also used Dr. Pierce's All-Healing Salve and found it excellent for healing open sores of every sort. I am glad to recommend Dr. Pierce's medicines."—Mrs. A. T. COGGESHALL, 1531 Calhoun St.

## Value of Defense Bodies

Emphasizing the importance of the defense organizations, indorsing their work and appealing to the people for a greater support, Secretary of War Newton D. Baker addressed the following letter to the Indiana State Council of Defense:

Will H. Hays, Chairman,  
State Council of Defense,  
Indianapolis, Ind.,

My dear Mr. Hays:

The Council of National Defense and State Councils with their local safety organizations represent the Governors of the several states and the organizations administering the draft law the normal lines of communication and co-operation between the National Administration and the people. In this time of emergency no one converses with the conditions, and the difficulties here can be other than wholeheartedly appreciative of the continuing counsel and ungrudging efforts that have come to the common cause through all of these agencies and no one word of mine which can sustain or which can help to sustain or strengthen the national, state and local institutions of the councils of defense will remain unspoken. The work of the Indiana Council has been particularly gratifying. More power to you,

With best wishes,  
Cordially yours,

NEWTON D. BAKER.  
Secretary of War and Chairman  
Council of National Defense.

In this connection the State Council authorized the following:

The Indiana State Council is giving the letter to the public in the hope that it will serve to stimulate interest in the work the council has undertaken and arouse a more popular interest in the measures which the president, the council of national defense, the war department and the state government deem essential to winning the war.

## Save Skim Milk

Save every drop of skim milk. It is a valuable food. Use it in your kitchen and on your table. This is the admonition of the department of agriculture.

It is valuable as a beverage, in cookery, as cottage cheese—too valuable to waste, whether it comes through your own separator or the separator at the creamery—too valuable to be thrown away, or fed to farm animals, if it can be used for human food.

At creameries where whole milk is handled, skim milk is often thrown down the drains. Creameries ought to make their skim milk into cottage cheese.

Farmers ought to make cottage cheese at home. Skim milk so used will supplement our meat supply, for cottage cheese is one of the

State Fire Marshal Points Out Sixty  
Per Cent of Fires Are Preventable

## FLUES ARE BUILT BADLY

Shows That Losses in This Country  
Are Eight Times Greater Than  
England

(By United Press.)

South Bend, Ind., Oct. 19.—Sixty per cent of the fires in this country are from preventable causes, either faulty construction of the buildings or carelessness of the occupants. W. H. Friedley, State fire marshal, told the Indiana Real Estate dealers in session here.

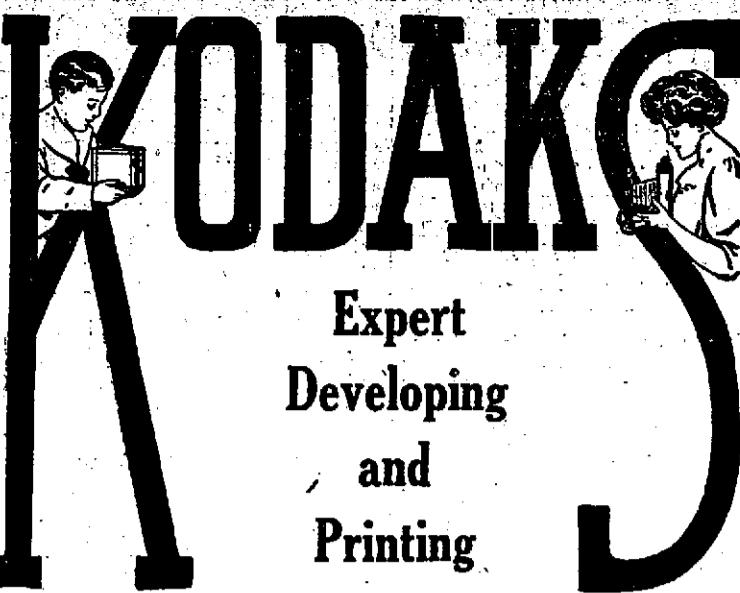

The speaker pointed out that the fire waste in the United States was eight times as much per capita as the combined fire waste of England, France, Germany and the other European countries. He declared that they should all be constructed with a view of permanency and stringently regulated by ordinances.

"More than fifteen per cent of the fires in Indiana are from defective flues," he said. "Flues can be built so that it would be impossible for fires to start through them, no matter how much or how long they had been used.

Real estate men in plotting of new additions to cities, should see that the new streets conform with those already established, Friedley said, so that there will be no sharp turns—an obstruction to fire departments.

The fire marshal strongly condemned shingle roofs, especially those made from the inferior grade of shingles which are now commonly used.

## The Hot Blast Air Tight

# FLORENCE

Beware of imitations or people who claim to have a stove like or just as good as the FLORENCE.

Do not be deceived by such false claims and find it out when too late.

Examine the Florence carefully before you buy.

The FLORENCE will burn wood as well as coal and will burn coal better than any other stove made.

The Only Absolute Smoke Consuming Stove on Earth.

No Smoke! No Soot! No Dirt! No Clinkers!

Everything is Consumed!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove-pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00. Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will set fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## SOCIETY

The first meeting of the D. A. R. was held with Mrs. Will Dill yesterday afternoon, at her home in North Main street. The assistant hostesses were, Mrs. Sarah Giffin, Mrs. Mary L. Jones and Miss Alice Norris. Delegates were elected for the D. A. R. convention, which will be held in Indianapolis, November 7, 8, 9, as follows: Mrs. Frank Jones, regent; Mrs. Ed Payne, Mrs. Sarah Giffin and Mrs. Will Dill. The alternates who were elected were Mrs. Sddie Mowers, Miss Althea Norris, Miss Eva Ball and Mrs. D. D. Van-Osdol. The regent and councilors for the year and the members of the society decided to take up Red Cross work. Mrs. Mowers, as chairman of the Navy League committee gave a report on the knittings which had been done by the society. The meeting was marked by a large attendance and the hostesses served dainty refreshments.

Mrs. John Joyce was hostess last evening, when she entertained with a six o'clock dinner at her home in East Tenth street. Covers on the attractively laid table were marked for Mrs. Fred Wright of Anderson, Mrs. Carl Case of Muncie and Mrs. Lon Foster of this city.

Mrs. Alva Junkin entertained the Ladies Aid society of the Hannegan church yesterday at her home northwest of this city. The day was spent with quilting and comfort making. At noon the guests enjoyed a pitch-in dinner. Mrs. John Fleener, Mrs. T. B. Gary, Mrs. Earl Norris, Mrs. Carl Tweedy, Mrs. Henry Addison, Mrs. George Adams, Mrs. Lawrence Price and son Lowell Mrs. Luther Ricker and daughter Evelyn Josephine, Mrs. John Lucas, Mrs. Carl Leisure, Mrs. Alva Newhouse, Mrs. John Ellison, Miss Elsie Reams and Mrs. William Barber of Chicago were among the guests.

Mrs. Nellie Abercrombie entertained about ten ladies with a theater party Wednesday evening, honoring Mrs. Al T. Simms of Cincinnati, who is the house guest of Mrs. M. M. Coyne. A one course luncheon at the Greeks concluded the evening.

The active members of the Ladies Musicale had a meeting with Miss Leonora Norris last evening. The entire evening was given over to business and the hostess served an elegant two course luncheon.

The Shakespeare club will hold the first meeting of the season with Miss Anna Bohannon, Monday evening at her home in North Morgan street.

Mahoning Council No. 36 D. of P. will meet in the Red Men Hall this evening at 7:30.

## CIGARS, "CHEWING" GO UP

Once More the Fellow Who Uses the "Weed" Gets it in Neck

The members of the Happy-Go-Lucky club were honored with an elaborate high noon dinner yesterday, which was given by Miss Leonora Norris, at her home in North Morgan street. Wisteria and lillies and hosts of other fall flowers were used to adorn the home. The dinner was served in four courses and covers were laid for seventeen members and one guest, Mrs. Walter Frazee. In the afternoon the ladies sewed and knit for the Red Cross. Mrs. Bert Norris will be hostess to the club in two weeks.

Ten little friends surprised Young Houghland, last evening, when they went to her home in Milroy to celebrate her eleventh birthday. The children played games, suggestive of Hallowe'en. Weird pumpkin faces and other Hallowe'en emblems were used to decorate the home. Refreshments were served and miniature witches were given the children as favors.

The twelve members of the Grand club and one guest, Mrs. D. C. Green of Fort Smith, Ark., met with Mrs. George Aultman, yesterday afternoon at her home in West First

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have  
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one or two Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition.

10c and 25c per box. All druggists.

There will be a basket supper and pie social at Henderson school next Wednesday evening.

## Winter Underwear and Hosiery

## First---Buy a New Liberty Loan Bond

This for the time being is the most important question before us.

Forest Mills  
FINE WOOL  
WINTER UNDERWEAR

Our window is filled with all styles in Winter Underwear for Men, Women and Children. For fit and quality, the line is unsurpassed. This underwear

Essex Mills  
UNDERWEAR

is made right—by which we mean it embodies the best yarns, materials, trimmings and every improvement that will add to the quality of the finished garment.

Ladies may find any style they may desire—long sleeve, sleeveless, elbow sleeve, knee length or full length, cotton, silk, wool or silk and wool. For the youngsters we show both cotton and wool.

Gordon  
HOSEIERY

is well known for its comfort, quality, perfect fit and beauty. Shown in cotton, wool, fibre silk and pure silk. This make of hosiery has maintained its quality—not caring to sacrifice quality for price.

## Are you contemplating the purchase of a Phonograph?

IF YOU ARE, you are doing yourself an injustice by failing to investigate the New Aeolian Vocalion, the phonograph of richer tone, that you can actually play.

You may sit beside this instrument, and by the use of the Graduola, which is obtainable only with the Aeolian Vocalion, you may play your favorite record as you would, were you the artist yourself, putting expression into your record that is utterly impossible with any other instrument.

You may have a favorite artist whose records, you would much desire to play, (but) he or she is singing or playing exclusively for some record which you cannot play on your instrument. Not so with the Aeolian Vocalion, you may play any standard make of record, as well, as the instrument for which the record is made, and some records are far superior when played on the Aeolian Vocalion.

Style G  
\$100.00

Of course, you must be the judge, and the only way to judge an instrument successfully, is to play it yourself, in your own home, there only can you get the full tonal effect of any musical instrument.

May we, without obligation on your part, place one of our instruments in your home for a few days, that you may put it to all known tests, play it side by side with any other phonograph in America, at any price, if you please, and after having these tests, give us your verdict.

We are confident as to what your true verdict will be: "THE MOST WONDERFUL PHONOGRAPH THAT I EVER HEARD. And it doesn't scratch."

## Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained—every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

**TERMS**—When bid off you will be required to pay \$3,000 in cash, or more, if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you.

Odd Fellows Will Celebrate Burning of Mortgage on Their Hall Built Few Years Ago

### GRAND MASTER TO BE THERE

The third degree staff and orchestra of Franklin Lodge No. 35 I. O. O. F. will leave for Adams, Decatur county, Saturday evening at 8 o'clock in automobiles, where they will put on the third degree at a demonstration in celebrating the burning of the mortgage on their hall built a few years ago.

Many notables in the state organization will be present, including Grand Master A. A. Spears and Grand Patriarch Chas. H. Allison.

The staff and orchestra as reorganized consists of sixteen men in the staff and a nine piece orchestra, as follows: Geo. C. Wyatt, piano; Jesse Carpenter and Harry Lucas, cornets; Chas. Rucker, trombone; E. C. McMahon, Earl Downey and Russell Ormes, violins; E. E. Perin, cello and Roy Mitchell, drums.

It is expected that many members here will accompany the staff and avail themselves of the opportunity of hearing the grand master and witnessing the work.

Next week rehearsal will begin on the initiatory degree, preparatory to beginning work at home for the fall and winter season.

## EVACUATION IS BEGUN BY RUSSIANS

Withdrawal of Forces From Naval Depot Made Necessary by German Fleet Operations

### GREATER CAMPAIGN LIKELY

Petrograd, Oct. 19.—Evacuation by the Russians of the naval base of Revel was begun Tuesday it was reported today.

The withdrawal of the Russian forces from the naval depot has been made necessary by operation of Germany's great naval fleet now operating off the Gulf of Riga and threatening a further naval campaign against the Gulf of Finland.

Evacuation of Revel if confirmed would appear to indicate even greater menace to Russia by the German Baltic fleet than at first indicated. Revel has been the first of the naval bases which a hostile fleet on penetrating the gulf would encounter. It is only 200 miles from Petrograd. Before the war it was classed as a naval station of the second class but under the czar's regime it was strengthened and refortified.

### MARGARET CHOMEL IS DEAD

Connersville Woman Expires at Home of Parents Here Today

Mrs. Margaret Chomel, 20 years old, wife of Howard Chomel of Connerville, died this morning at the home of her parents, Mr. and Mrs. Jacob Dunwoody in West Seventh street. She had been ill for a short time and was recently brought from her home in Connerville to the home of her parents. Besides her husband and parents she leaves a four-weeks-old baby. Several sisters and brothers survive. The funeral services will be conducted Sunday afternoon at the Dunwoody residence by the Rev. D. Ira Lambert and burial will take place in East Hill cemetery.

### ARE ROBBING FOOD SHIPS

Giant U-Boats Store Cargoes And Sink Unfortunate Victims.

Washington, Oct. 19.—Geman's giant pirate U-boats are now robbing food ships, stowing the supplies in the holds and then sinking the unfortunate victims. This is the newest development of ruthlessness, according to reports today.

The new U-boats are sufficiently large to permit stowing of a large part of a cargo. Because of this capacity the war trade board has been loath to ship out cargoes for European neutral ports.

## A U. S. Bond is Money Bearing 4% Interest

BUY LIBERTY BONDS. If you have bought, buy more, and sell two more bonds to two other good Americans.

Liberty Bonds put your dollars to fighting to make the world safe for Democracy, and pay your dollars for the privilege of fighting.

Every spare dollar of every American home should turn itself into Liberty Bonds. Fairness and common sense demand it. They pay 4 per cent interest and you can pay for them on installments: 1 1/2% with order; 18 per cent Nov. 15, 1917; 40 per cent Dec. 15, 1917; 40 per cent January 15, 1918.

Go at once and buy a bond at your postoffice, your bank, the nearest department store selling Liberty Bonds, or send to the U. S. Treasury Department.

You can buy bonds as small as \$50 and pay for them by installments. But buy now and as often as you can.

Do all you can to make the world safe for Democracy.
